

Service Specification Checklist	
NHS Health Checks	
Timeline & Next Steps for the LPC	The LPC will make this service participation rating available to contractors by April 2022
Commissioners' response to LPC feedback	Please forward any comments to myra@suffolkipc.org.uk
Rationale of Checklist	The LPC's purpose is to work positively with commissioners to ensure high quality outcomes from the service, which are both professional and commercially viable for contractors to deliver. This rating will be shared with contractors and the service commissioner for consideration.
Point Covered	
Notes	Action
Service Outline	
Payment structure & system	£25 per completed Health Check
Are reporting systems suitable to all contractors?	Yes - PharmOutcomes licensed by Public Health
Equipment required & who provides/calibrates/services this? Does remuneration sufficiently cover the cost?	POCT equipment provided by Public Health. Some consumable and QA costs covered. HbA1c tests supplied. Your pharmacy will need to resource the lancets, cotton wall balls, alcohol wipes, plasters, sharps bin and clinical waste. Height chart, scales, tape measure & BP monitors.
Training required	Online modular training 2-3 hour "live" training to be offered - limited offer?
Is/does the Service.....	
Sustainable?	Rolling programme of eligibility over 5 years. Patients may be invited opportunistically or by presenting an invite letter. Public Health Suffolk will provide each commissioned contractor with two printed posters (size A4 and A3)
Clinically sound and in line with appropriate National or local guidance?	Yes- however pharmacies are only currently able to offer in areas of greatest deprivation not to any patients in the eligible cohort.
Enhance patient care?	Yes
Have suitable monitoring arrangements?	Yes
Yes Enhance relationships with other HCPs?	No- not a fully integrated service so pharmacies may be perceived as being in competition with other providers.
Deliverable?	Yes - however footfall for the service may be low so pharmacies should assess the value of this service in their setting.
Attractive enough for contractors to consider it worthwhile?	This will depend on the setting and the service model of each specific pharmacy
Have performance criteria that supports a quality service?	Yes
