Dear Pharmacist,

Primary Care Contract 2023-24

Please note that the current contract is being extended for an additional thirteen months running from 1st April 2023 to 30th April 2024. This is to bring the Public Health Commissioned Sexual Health services in line with the core Sexual Health Contract.

This variation letter outlines the updates and amendments to the contract for the extension period.

1. Revised Specifications

Please see the attached revised specification. This specification replaces the existing specification within the contract.

We would like to draw your attention to section 6 which confirms that a price uplift has been agreed for 2023-24.
